EXPERIENCE

Internship, Arinti

Mar 2021 - May 2021

Remote

During this internship I wrote a program that uses computer vision and a game algorithm to solve the game of Rummikub.

Software Developer (student), Ernst@Work

Oct 2019 - Dec 2020

Remote

I was tasked to develop different applications and websites. This included researching different IT topics and finding suitable solutions.

Service Desk Assistant (student), Suez

Aug 2018 - Jul 2019

Beerse

My task included handling incoming calls and emails, handling tickets, working with the ServiceNow platform and going on-site to resolve issues.

IT Logistics (student), Suez

Jul 2015 - Jul 2018

Beerse

I helped with installing, fixing and preparing laptops, desktops, tables and mobile devices. My task also included going on-site to handle tickets and preparing workspaces.
